Home Learning Program Opt-Out Option

Dear Parents and Carers,

Home Learning provides students with an opportunity to become more responsible for their own learning and growth. The term 'Home Learning' refers to a wide range of learning experiences undertaken by children and their families outside school hours.

At St Gregory's Primary School, we believe Home Learning should:

- promote the joy of reading;
- balance a range of educational, recreational, family and cultural activities; and
- develop students' responsibility and self-discipline.

We recognise parents are partners in their child's learning and support experiences that: foster positive family interactions; can be shared, reflected on and celebrated with family; and provide an opportunity for families to support and encourage child's school learning.

However the school recognises that parents are best placed to make decisions about whether or not their child has the capacity or time to complete the home learning program provided. If you **do not** want your child to participate in the Home Learning program please complete the form below and return it to your child's teacher.

If at any time through the year you would like your child to resume the Home Learning program again, please email your child's teacher directly.
